

# **DINNINGTON ST JOHN'S TOWN COUNCIL**

## **Community Grant Awarding Policy, Procedures and Application Form**

## **What are Community Grants?**

Dinnington St John's Town Council is committed to helping local groups make a difference to our community and the Local Government Act 1972 (Section 137) makes provision for parish and town councils to provide financial support, up to a fixed amount, for the benefit of residents of the parish. Grants must benefit a group (i.e. not one individual) and the benefit must be considered commensurate with the amount awarded. We would normally expect to make grants of up to £100 but retain flexibility to award larger grants as appropriate. Grants are expected to be for one-off projects and not to involve any kind of on-going commitment on behalf of the Council.

## **How much is in the Grants Fund?**

At its discretion, the Town Council can allocate an amount of money each year to the fund from its Revenue Account.

## **Who manages the Community Grants?**

The Grant Fund is managed by the Clerk to the Council on behalf of the Members of Dinnington St. John's Town Council. Council Members make the decisions on whether or not to award a grant during their monthly meetings depending on applications received.

## **Who can apply?**

Applications can be made by groups and organisations within the Dinnington St. John's electoral ward.

Organisations and groups applying for grants should be financially solvent and must have their own bank account. They will normally be expected to be properly constituted; at the very least they should have a clear and well-established purpose, set of aims and objectives, or else a written constitution. Awards cannot be paid into a personal bank account.

Newly formed groups which are embarking on worthwhile projects will be given special consideration.

Grants will only be awarded to bona-fide organisations and not to individuals, and grants will not normally be awarded to organisations outside the parish unless that organisation demonstrates substantial benefits to residents of the parish. Only one grant application will be considered from each organisation in any financial year and funding will not be awarded retrospectively.

No grant will be awarded to or for any commercial venture, for private gain or the promotion of any political activity.

Applications will not be considered if submitted by an organisation that operates an excessively restrictive membership policy, i.e. one that does not discriminate on the grounds of race, religion, sexual orientation, disability, gender etc.

## **What Other Resources will your Group Use to Support Your Project?**

On the application you will be required to disclose if you are applying for funds from other resources in connection with the project; you will also be asked to identify all other resources that are contributing to your project including any self-funding. Such information will help the council to measure your own and others commitment to your project.

Please feel free to include any information on the application form you think is relevant in support of your application.

## **Other Information**

Organisations applying for grants should have mechanisms in place to ensure the grant is well spent and provides value for money. Recipients of larger awards will be expected to report back to the council at the end of the project detailing how funds were spent (this may include the submission of receipts/invoices for larger purchases).

Applications must state clearly how any funds are to be spent and how they will meet the aims of this policy.

Where funding is awarded for an event, the organiser must indemnify the Council against any claim from any party as a result of any incident, or accident, associated with the event. When funding is awarded for any other purpose, the Council cannot be held responsible or liable in any capacity.

Awards must be used solely for the purpose detailed in the application; the council reserves the right to recall the entire grant in the event of any unauthorised variation from the original application.

Except where specified in the application, recipients must not re-award or transfer grant funds to other organisations or individuals.

Large awards may be paid in instalments, subject to satisfactory progress of the project.

Any unspent grant monies must be returned to the Council at the end of project or grant period.

### **What Next?**

Applications should be returned to the Town Clerk and Finance Officer (address and contact details below) who will submit the application for consideration at the next available meeting. The Clerk will contact the named contact on the application as soon as possible after a decision to advise of the outcome.

**Dinnington St. John's Town Council  
Application Form for Grants**

1. Name of Group/Organisation:
2. Address of Organisation:
3. Contact Details (name, address, telephone number and email address):
